Step 2: CLICK JOIN EVENT to join the Conference.

Join Event Now as Panelist

To join this event as a panelist, provide the following information.

First name:

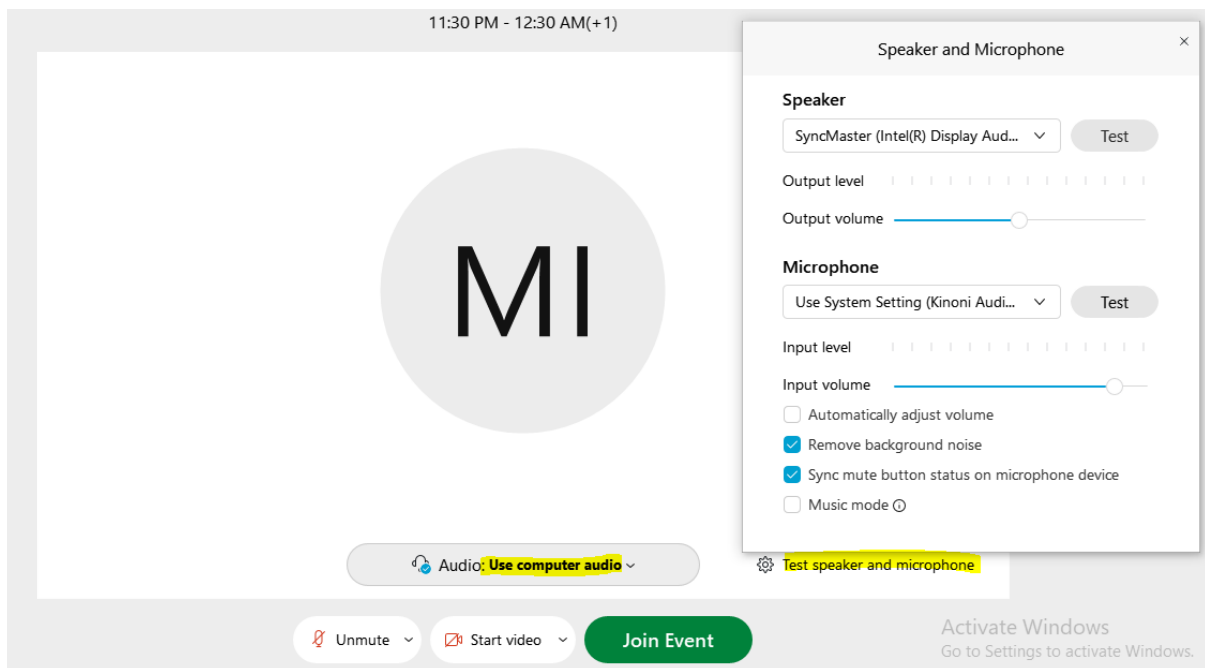

Last name:

Email address:

Remember me on this computer
[\(Clear my information\)](#)

Enter your details, make sure you entered the complete name and the email on which you received the invitation. After verification it will take to the WEBEX tool.

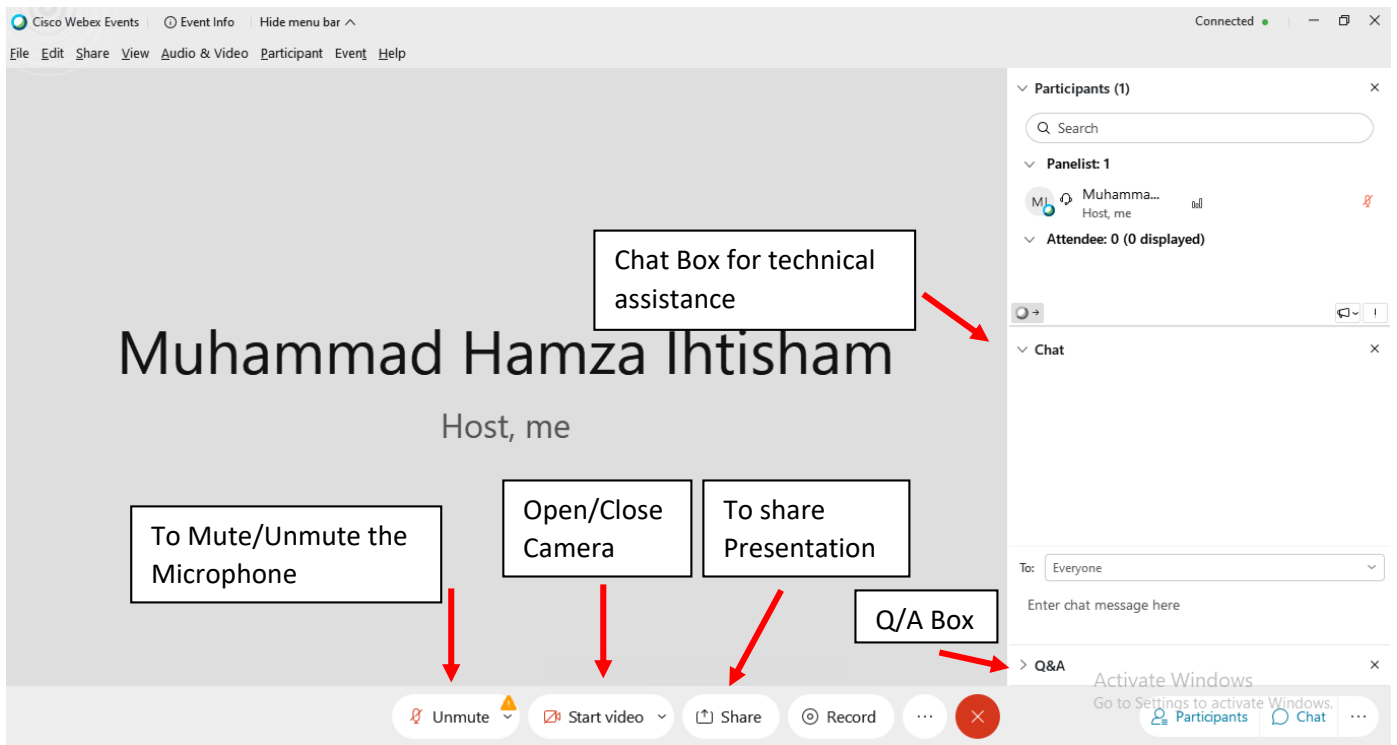

Step 3: Joining WEBEX.

The screenshot shows a Webex meeting interface. At the top, the time is 11:30 PM - 12:30 AM(+1). The main area displays a large grey circle with the letters 'MI'. Below this, there is an audio control bar with a speaker icon and the text 'Audio: Use computer audio'. At the bottom, there are three buttons: 'Unmute', 'Start video', and 'Join Event'. A 'Speaker and Microphone' settings window is open on the right side, showing options for Speaker (SynclMaster (Intel(R) Display Aud...)) and Microphone (Use System Setting (Kinoni Audi...)). The window also includes volume sliders for Output and Input, and checkboxes for 'Automatically adjust volume', 'Remove background noise', 'Sync mute button status on microphone device', and 'Music mode'. A 'Test speaker and microphone' button is highlighted in yellow at the bottom of the settings window.

Before clicking the Join Event, kindly test microphone and speaker for safe side. Make sure you select the right device as **Speaker** and **Microphone**.

Basic Introduction the WEBEX USER Interface.
